Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Although everything correlates and coordinates with reasons for being, objectives, and plans with much further horizons, everything depends on our performance right here, right now. That s when consciously creating the future- rather than just arriving in and responding to whatever comes -takes place. And looking at the future is an interesting episode, because it allows you not only to see, not only to be inspired with the methods you need to foster the events that need to pass to create that envisioned future, but it also leaves you with an uncanny realization of how much it is we actually do control and operate our individual realities. Yes, it is a world of cause and effect. Yes, we can get conscious. Yes, a good place to start is by completing the Formula For Riches, which asks directly. How much / what do you want? By when? How are you going to get it? What are your plans? These are not unnecessary questions; these are not frivolous. These are the questions of your life. You can create the life you want when you move forward on the dreams and designs of your heart. If you dare dream them and move on them. It s here and now you choose and plant the experiences of your upcoming days.
