

The Boss Interview: How to Separate the Job-Seeking Pretenders from the High-Quality Contenders.

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Ally Reichel)

THE BOSS INTERVIEW: HOW TO SEPARATE THE JOB-SEEKING PRETENDERS FROM THE HIGH-QUALITY CONTENDERS.

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a specific how-to guide in creating and delivering a conversation with a candidate that brings out their character and attitude for the sole purpose of assessing their suitability for joining your organization. For smaller organizations, an alternative approach to the hiring interview is provided where the top executive s interview with the candidate happens near the beginning of the process. This guide includes preparation, where to have this conversation, who should be present, how to construct questions, effectively using incremental verbal agreements to guide the candidate to being forthcoming, and laying the foundation to create loyalty and commitment to the organization s values. These suggestions are evolutions from strategies used in formal interviewing and negotiations. Guidance is provided to avoid the common mistakes of selecting marginal candidates. Suggested templates and checklists are provided as a means to inspire your own approach. In addition, including the new employee s spouse in a conversation with the organization s leadership team is suggested. When the boss interview is truly a formality because the screening and selection process was previously done, suggestions are provided on how to conduct this conversation. The author draws upon decades of experience and conducting training in this area.
