By Roy Woodcock

Sigma Press. Paperback. Book Condition: new. BRAND NEW, Walks Around the Malverns: Exploring England's Oldest Hills and Some of the Surrounding Countryside, Roy Woodcock, The Malvern Hills have well over a hundred miles of paths on the hills and commons, and there is almost unlimited walking with real freedom to roam over many hectares of countryside. The hills are magnificent and the ridge walk is one of the finest in the country, with views east and west over large areas of rural England and into Wales. The 25 walks were selected to cover the entire range of hills and the adjacent commons; and, as the views looking at the hills can be as impressive as those looking from the hills, a few walks in the Ledbury area to the west and the Upton area and Old Hills to the east have been included.
